

Day 9 – Literacy story resolution

How will your problem be resolved?

How does your hero prove themselves?

This is the moment your main character succeeds and defeats the villain.
e.g. *He distracts the villain while the people rise up against their king.*

What is the 'hero' moment? e.g. Defeat the villain? Save the town?

Tom and the talking lobster and talking

sloth defeat the king by rising up at a

party in the capital city. The animals

and people share the land and

bring life back to their world.
